An example cash report showing a breakdown of typical shift transactions

TOTEM CHILD TICKETING SOLUTIONS	Date: 05/05/05 Time: 12:16 Ticket No. 000003 £ 100.00 H/C Ser #: 024099 UserID: manager
---------------------------------------	---

An example band  
(Please note: Text size and content can be adjusted)

## Benefits

- Visible so that you can validate guests at a glance
- Unique identifiers so that the bands are traceable
- Simple so that minimal training is required
- PC transfer so that data can be used for financial analysis
- Cash drawer accessory so that cash is kept safe
- User accounts so that staff can be reviewed
- Simple features so that the cost is kept low
- Manager spot checks so that theft is minimised
- Simple configuration so there is minimal fuss
- Common paper sizes so the prices are competitive
- Fast issue so that queues are minimised
- Security cuts so that bands cannot be reused
- Good quality print so that the bands look professional

electronic ticketing solutions

**Problem.** You've got a room full of party goers.  
Half of them have gone for a smoke and want to come  
back in ... how do you keep track?

If they have paid for entry,  
They're in here

**Wristbands are issued as tickets  
and are:**

- dated
- timed
- valued
- numbered and identified to a particular venue.

**Wristbands are designed to be:**

- waterproof
- non transferable
- colour coded for different days
- security coded with UV panels that illuminate in venue lighting to weed out forgeries
- creatively designed or standard stock

**Print Bunny Wristband Printer**
